

INSUL-KITS®

Insul-Kits® contain a popular selection of all-purpose, flexible, multi-colored heat shrink tubing and adhesive-lined, black heat shrink tubing

Meeting all applicable UL, CSA and Military Specifications

- 2:1 shrink ratio
- 84 pieces cut in 6" lengths
- 4 diameter sizes: 1/8", 3/16", 1/4", 3/8"

FEATURES

INSUL-KIT®-1 Polyolefin

Polyolefin HS-101 all purpose, flexible insulation — All colors are flame retardant except Clear

- 1/8" diameter 25 pieces Blue
- 3/16" diameter 20 pieces Green
- 1/4" diameter 15 pieces Clear
- 3/8" diameter 7 pieces White

Adhesive-lined Polyolefin HS-101-MW-2:1 — The adhesive melts and flows to provide a permanent, waterproof seal

- 3/16" diameter 10 pieces Black
- 1/4" diameter 7 pieces Black

INSUL-KIT®-2 Polyvinylchloride (PVC)

Polyvinylchloride (PVC) HS-105 all purpose, flexible insulation — All colors, including Crystal Clear, are flame retardant

- 1/8" diameter 25 pieces Red
- 3/16" diameter 20 pieces Yellow
- 1/4" diameter 15 pieces Crystal Clear
- 3/8" diameter 7 pieces White

Adhesive-lined Polyvinylchloride (PVC) VAT-105 — The adhesive melts and flows to provide a permanent, waterproof seal

- 3/16" diameter 10 pieces Black
- 1/4" diameter 7 pieces Black

USES

- Maintenance and repair departments
- Shop floor, workbench or service repair truck applications
- Low volume end users
- Service technicians and mechanics
- Engineering departments
- R & D labs
