

INSULTAB

TUBING ASSORTMENTS

MINI-PACKS INSUL-KITS DISPLAY PACKETS

Insultab offers assortments of heat shrinkable tubing products in standard Mini-Packs, Insul-Kits and Display Packets.

In addition, we will cut, mark, private label and package our tubing products to your specifications.

FEATURES

- 2:1 shrink ratio
- Excellent all purpose, highly flexible, flame retardant polyolefin and PVC tubing products
- Packaged in smaller quantities than industrial size put-ups
- A variety of standard diameters and colors are available on spools, in 4' lengths or in 6" cut pieces
- Meets UL, CSA and Military specifications

USES

- Prototypes
- Maintenance and repair departments
- Service technicians and mechanics
- Shop floor, workbench or service repair truck applications
- R & D labs
- Engineering departments
- Low-volume end users
- Point-of-sale displays

DISPLAY PACKETS

Insultab will custom package our tubing products to your specifications in individual Display Packets. These are ideal for point-of sale racks or shelf displays. We can print your company name, logo and pertinent information on the tubing as well as on the Display Packet headers along with bar coding.
