

**The ultimate protection and beautification for outdoor and indoor applications, enhanced with the strongest weather and UV resistant polymers available**

### FEATURES

High performance, flame retardant Polyvinylchloride

There is no equivalent weather resistant, large diameter heat shrink tubing in bright colors or crystal clear, for protecting large cables, poles and posts, rollers, tools, handles and irregularly shaped objects

Enhanced with the strongest UV resistant polymers for long-lasting, outdoor applications

- Will not fade, crack, splinter or peel

Up to 50 mils thickness for tough abrasion resistance and long-lasting durability

- Guards against abrasion, nicks and dings

2:1 shrink ratio

Excellent resistance to harsh chemicals, oils, grease, acids, chlorinated cleansers, salt water, moisture, fungus

- Will not stain, rust or mildew

Can be printed with text and graphics using durable inks

Easy to clean — Provides years of maintenance-free protection

Sizes range from 5/8" up to 5-inches, for wide diameter applications

Available in attractive, brilliant, high-gloss colors, high-visibility safety colors, translucent finishes as well as crystal clear

### SPECIFICATIONS

Flame retardant — Made from UL 94 compliant materials

Environmentally friendly and safe — Contains no hazardous materials

Lead free

Insultab is ISO-9001:2015 certified and RoHS, REACH and Conflict Minerals compliant

Insultab's tubing products are made in the USA

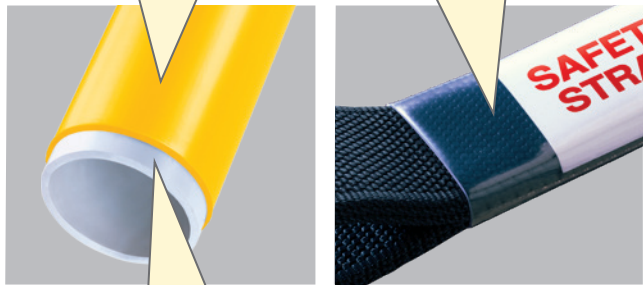

#### ENHANCED WITH THE STRONGEST WEATHER AND UV-RESISTANT POLYMERS

- Provides long-term protection for outdoor applications
- Safe, environmentally friendly, resistant to sunlight, salt water, moisture and fungus

#### A "CRYSTAL CLEAR" CHOICE

Crystal Clear Vivid Vinyl provides a transparent, conforming fit, even over irregular shapes, allowing for visual inspection of instructions, warnings, etc.

#### HEAVY-DUTY — UP TO 50 MILS THICKNESS

- Provides long-lasting abrasion resistance
- Guards against scuffs and scratching
- Prevents nicks and dings
- Resistant to chemicals, oils, grease, acids, chlorinated cleansers

**WEATHER RESISTANT, LARGE DIAMETER, COLORS & CRYSTAL CLEAR, PVC HEAT SHRINKABLE TUBING**

**TECHNICAL DATA**

**2:1 shrink ratio**  
**Minimum Recommended Shrink Temperature:**  
 100°C (212° F)  
**Operating Temperature Range:**  
 -20°C to 105°C (-4°F to 221°F)  
**Specific Gravity:** 1.32  
**Brittleness Temperature:** -28°C  
**Storage:** Heat sensitive — Store at 70°F or below

**SPECIFICATIONS**

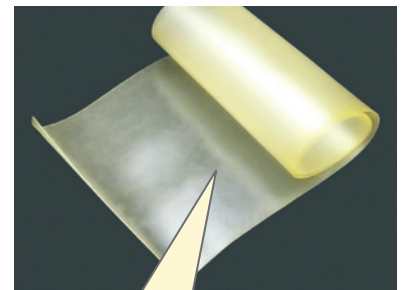

**Flame retardant** — Made from UL 94 compliant materials  
**Environmentally friendly and safe** — Contains no hazardous materials  
**Lead free**  
**Insultab is ISO-9001:2015 certified and RoHS, REACH and Conflict Minerals compliant**  
**Insultab's tubing products are made in the USA**

**STANDARD SIZES AND PACKAGING**

Vivid Vinyl HS-2000 comes in standard diameter sizes from 5/8" up to 5"  
 Standard products come on spools — Please contact us for custom pre-cut lengths

SIZE	Expanded I.D. Minimum		Fully Recovered I.D. Maximum		Recovered Wall Thickness Nominal		Standard Product on Spools

**MOISTURE-SEAL HOT-MELT ADHESIVE TAPE FOR SEALING HEAT SHRINKABLE TUBING**

Provide extra moisture protection using Insultab's moisture-seal hot-melt adhesive tape under the ends of heat shrinkable tubing

**COLORS**

**Standard Colors:**

**Other Colors:**

Most colors are available in high gloss and translucent finishes

Not all colors and sizes are stocked — Check with the factory for availability and minimums

We can custom match colors, finishes and PMS colors as well as print on Vivid Vinyl with durable inks — Minimums may apply
